

STATINTL THE DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE

7 July 1976

Thank you so much for your letter concerning my nomination as Deputy Director of Central Intelligence. It was good to get the latest word on you and Frances and your California retirement, though I must say, it is not surprising to learn that you stay as busy as you are in the field of linguistics.

STATINTL

Thanks again for your friendship and support; it gives me confidence to face the future.

Faithfully yours,

E. H. Knoche
